Terms of Service for QB Python ETL Personal Use App

1. Introduction

This Terms of Service ("ToS") document governs the use of the Personal Use QB Python ETL App ("the App") for extracting, transforming, and loading data from the Developer's own QuickBooks Online account(s). By using the App, the Developer agrees to be bound by the terms and conditions stated herein.

2. App Purpose

The App is designed solely for personal use and is not intended for commercial distribution or use by any other individual or entity other than the Developer. The purpose of the App is to interact with the Developer's QuickBooks Online data, extract relevant information, perform necessary transformations, and load the data into the desired format or location.

3. User Responsibilities

The user (Developer) is responsible for ensuring the security and privacy of their QuickBooks Online account credentials and the data processed by the App. The user (Developer) shall not share their account credentials with any third party or use the App to access any other individual or entity's QuickBooks Online data.

4. Data Protection

The Developer is responsible for securing their own data and maintaining appropriate backup measures. The App does not store or transmit the Developers' data to any external services or third parties, and the Developer's data remains within their local environment.

5. Limitation of Liability

The App is provided "as is" without any warranty, express or implied. In no event shall the developer be held liable for any direct, indirect, incidental, or consequential damages resulting from the use or inability to use the App, including but not limited to, data loss, errors, or misinterpretation of information.

6. Amendments

The developer reserves the right to modify, add, or remove any terms and conditions in this ToS document without prior notice. The user agrees to be bound by any changes to this ToS document by continuing to use the App.

7. Governing Law

This ToS document and any dispute arising out of or in connection with the App shall be governed by and construed in accordance with the laws of the jurisdiction in which the Developer resides.

8. Contact Information

If you have any questions or concerns about this ToS document or the App, please contact the developer at on github @DiscoDairy
